MEMORANDUM FOR: Director of Logistics
ATTENTION : Executive Officer, OL
SUBJECT : Annual Report to Congress on the Executive Dining Room
REFERENCE : Memo dtd 5 Mar 73 for ADD/S fr D/L, same subj

Jim:

I have asked [REDACTED] who had earlier been involved to get in touch with Woodruff's successor on the Senate Appropriations Committee regarding reporting channels and format. It may be a few days, with the other things going on, before we can get word. For the moment, I have no problem with the report for the calendar year 1972, and until we know to the contrary I think we could expect to provide essentially the same thing in July.
